S/S AISI 304 trolley with one shelf in glass

L/W= 60 cm - A/H= 37 cm - P/D= 47 cm

COLLA - GLUE PLANE

Siamo lieti di proporvi il nostro **Kit-Colla (Art. 6.08.20)** come una valida alternativa al sistema di fissaggio a tassello. Ecco alcuni dei vantaggi nell'utilizzare il nostro Kit-Colla:

1. Notevole risparmio di tempo per il montaggio. Non è più necessario forare, calcolare l'esatta posizione dei fori e sperare di non bucare qualche tubazione idraulica o elettrica.
2. È possibile incollare i nostri prodotti direttamente sulle piastrelle. Questo è un enorme vantaggio. La nostra colla infatti è **REMOVIBILE** con un procedimento veramente semplice! Sarà quindi sempre possibile spostare il nostro prodotto in una nuova posizione. Ricordatevi solamente di acquistare eventualmente un nuovo Kit-Colla, nel caso l'aveste finito.
3. Affidabilità: i nostri prodotti sono stati testati per sostenere un peso di ben 20 kg!

Nella tabella sotto sono riportati i prodotti della linea star inox pronti per l'installazione con il nostro kit colla

We are pleased to propose our **Glue-kit (Art. 6.08.20)** as a valid alternative to the mounting bolts. Here are some of the advantages of using our kit-glue:

1. Save your time to install our products! It is no longer necessary to drill, to calculate the exact position of the holes and to hope not to break any plumbing or electrical pipe.
2. It's possible to glue our product directly on tile. This is a big advantage. Our glue is **REMOVABLE** with a very simple process! Therefore it will always be possible to move our product to a new location. Just remember to buy a new glue-kit, if it is finished.
3. Reliability: our product have been tested to support a big weight of no less than 20 kg!

In the next table you can find star inox products ready for installation with our glue kit

PROCESSO DI MONTAGGIO DI UN SUPPORTO/ ASSEMBLY PROCESS OF ONE SUPPORT (***)

(***) Nota: con 1 confezione di kit colla è possibile incollare fino a 4 supporti a parete. (***) Note: with 1 glue-kit is possible to glue up to 4 wall supports.

SMONTAGGIO / REMOVE PROCESS:

Il Kit-Colla permette di incollare gli accessori su varie superfici tra cui Vetro, Ceramica, Marmo, Legno. The Glue-Kit let you to glue the accessories on various surfaces like Glass, Marble, Wood.

L/W= 17 cm - A/H= 11 cm - P/D= 6 cm

ART. 3.04.71

Portascopino da parete o appoggio AISI 304, con attacco a baionetta, smontabile per facilitare la pulizia.
S/S AISI 304 wall mounted or free standing toilet brush holder, removable for cleaning

L/W= 8 cm - A/H= 38 cm - P/D= 9 cm

Particolare del fissaggio. Il portascopino può essere rimosso per la pulizia e poi reinserito nell'apposita staffa.

Detail of fixing wall. The toilet brush holder can be removed for cleaning and then it can be reinserted in the bracket.

COLLA - GLUE STAR INOX

Siamo lieti di proporvi il nostro **Kit-Colla (Art. 6.08.20)** come una valida alternativa al sistema di fissaggio a tassello. Ecco alcuni dei vantaggi nell'utilizzare il nostro Kit-Colla:

1. Notevole risparmio di tempo per il montaggio. Non è più necessario forare, calcolare l'esatta posizione dei fori e sperare di non bucare qualche tubazione idraulica o elettrica.
2. È possibile incollare i nostri prodotti direttamente sulle piastrelle. Questo è un enorme vantaggio. La nostra colla infatti è **REMOVIBILE** con un procedimento veramente semplice! Sarà quindi sempre possibile spostare il nostro prodotto in una nuova posizione. Ricordatevi solamente di acquistare eventualmente un nuovo Kit-Colla, nel caso l'aveste finito.
3. Affidabilità: i nostri prodotti sono stati testati per sostenere un peso di ben 20 kg!

Nella tabella sotto sono riportati i prodotti della linea star inox pronti per l'installazione con il nostro kit colla

We are pleased to propose our **Glue-kit (Art. 6.08.20)** as a valid alternative to the mounting bolts. Here are some of the advantages of using our kit-glue:

1. Save your time to install our products! It is no longer necessary to drill, to calculate the exact position of the holes and to hope not to break any plumbing or electrical pipe.
2. It's possible to glue our product directly on tile. This is a big advantage. Our glue is **REMOVABLE** with a very simple process! It will therefore always be possible to move our product to a new location. Just remember to buy a new glue-kit, if it is finished.
3. Reliability: our product have been tested to support a big weight of no less than 20 kg!

In the next table you can find star inox products ready for installation with our glue kit

PROCESSO DI MONTAGGIO DI UN SUPPORTO/ ASSEMBLY PROCESS OF ONE SUPPORT (***)

(***) Nota: con 1 confezione di kit colla è possibile incollare fino a 4 supporti a parete. (***) Note: with 1 glue-kit is possible to glue up to 4 wall supports.

SMONTAGGIO / REMOVE PROCESS:

Il Kit-Colla permette di incollare gli accessori su varie superfici tra cui Vetro, Ceramica, Marmo, Legno. The Glue-Kit let you to glue the accessories on various surfaces like Glass, Marble, Wood.
